

Designed Philanthropy.
A wonderful way to shape the future.

THE FOUNDATION
JEWISH COMMUNITY FOUNDATION
LOS ANGELES

A distinguishing feature of the Jewish Community Foundation of Los Angeles is its ability to develop a well-designed philanthropic plan for individuals and families.

Through *designed philanthropy*, the Foundation serves as a valuable resource to its donors like those featured here, helping them to fulfill their passions and their charitable ambitions.

LOS ANGELES

For this generation...and generations to come.

Marvin I. Schotland
President & CEO

Lorin M. Fife
Chair

The Foundation. This is a place to create and manage philanthropy with knowledgeable, informed and meaningful assistance. This is a place where seasoned experts help you design a philanthropic plan to meet your specific needs and fulfill your passions.

We're one of LA's largest community foundations with more than \$730 million in assets and nearly 60 years of experience. We're helping to build and strengthen our community fueled by your support. When you establish a fund at The Foundation, you'll have access to value-added services that will make giving easier and more meaningful, and you can use your charitable fund to support any worthwhile cause in the Jewish community or beyond.

The Foundation. A unique opportunity to create Designed Philanthropy.

“In our family, philanthropy is a serious business. We’re quite active with a number of causes, and we use our fund at The Foundation to support them more efficiently. Knowing that The Foundation’s own grants support some of the same causes we support is very reassuring.”

— **Bob & Nita Hirsch**

“The Foundation has provided us a good opportunity to better understand the philanthropic landscape and its nuances. We’ve gained valuable insights into grantmaking and the nonprofit world through The Foundation’s knowledgeable staff and have been able to make meaningful gifts to causes that we care about.”

— Lisa & Joshua Greer

“The Foundation’s experienced staff has helped our family learn about being strategic with our philanthropy and integrating best practices into our foundation’s work. We’ve been able to engage our children in our family’s decision-making processes and teach them valuable lessons about *tikkun olam* — repairing the world. The Foundation has helped our family expand its philanthropic scope and is bringing a new level of professionalism to our charitable giving process.”

— Mindy & Gene Stein

“Over the past three decades of my involvement with The Foundation, I’ve witnessed its astounding growth through today—not only of its assets, but also its grantmaking and impact throughout our community. My own children have benefited from our association with The Foundation, because they have grown significantly in their knowledge of philanthropy and commitment to improving our community. That’s why I proudly recommend The Foundation to colleagues and friends.”

— **Allan Cutrow**

Designing Your Philanthropic Plan

The Jewish Community Foundation offers variety and flexibility in designing charitable gift plans. By offering personalized service and extensive professional expertise, we help to fulfill your philanthropic objectives while effectively addressing your financial, tax and estate planning needs.
