February 4, 2021

Dear Foundation donors:

Last year was like no other. The Foundation's significant response to COVID-19 was made possible through your generosity, and we're grateful you're part of our family.

Key 2020 financial highlights include:

- The Foundation and its donors distributed \$127 million to the community locally, nationally, and in Israel.
- We received \$100 million in total donations and other inflows, and 59 new funds were established.
- The Foundation's total assets exceed \$1.43 billion (unaudited), the highest ever!

In 2020, we committed over \$8.5 million in Foundation grants:

- **COVID-19 Response Grants** locally and in Israel for immediate human service needs and to sustain Jewish nonprofits experiencing hardships due to the pandemic. A portion of these grants will be allocated in early 2021.
- **Racial Equity Grants** to seven organizations and programs in Los Angeles that span a diverse range of areas including health care, job opportunities for at-risk youth, and access to quality education.

We're very proud of this outflow in such a difficult year. We are able to provide these grants because you trust The Foundation to be your partner in philanthropy, especially in challenging times. Please visit www.jewishfoundationla.org/grantees to learn more about our grants.

We'd also like to acknowledge the significant role that our outgoing Chair Bill Feiler played in helping The Foundation achieve these significant results, as well as during the entire four-year period of his term.

We are delighted that you are part of our growing family of donors. Blessings for a healthy and prosperous 2021!

Evan Schlessinger

P.S. This is an ideal time for you to review how your fund is invested. Foundation donors with asset balances of at least \$50,000 have multiple investment options. An investment recommendation form is located below. If you have any questions, please contact the Development Department at 323.761.8704.
