February 4, 2022

Dear Foundation Donors:

We are grateful you are a part of our family and proud of The Foundation's many accomplishments last year that were made possible through your support.

**Key 2021 financial highlights include:**

- The Foundation and its donors distributed **more than \$123 million in grants**.
- We received **more than \$110 million in total donations** and other inflows, and **64 new funds** were established.
- The Foundation's **total assets exceed \$1.56 billion** (unaudited), the highest ever!

**In 2021, we committed over \$4.7 million in Foundation grants:**

- **\$3.7 million in Reimagine Grants** to 44 local organizations, including 21 Jewish nonprofits and 23 synagogues, as they recover from the pandemic. This represents both the largest amount and the greatest number of recipients ever awarded by The Foundation in a single grants cycle.
- **\$1 million in Education Equity Grants** to seven community-led organizations that connect students with strong mentors, focus on the specific needs of young people of color, increase access to health services for students of color and their families, and empower students to advocate for their educational needs.

We're very proud of this outflow in yet another difficult year. We are able to provide these grants because you trust The Foundation to be your partner in philanthropy, especially in challenging times. Please visit [www.jewishfoundationla.org/grantees](http://www.jewishfoundationla.org/grantees) to learn more about our grants.

**This is an ideal time for you to review how your fund is invested.** Foundation donors with asset balances of at least \$50,000 have multiple investment options. [Click here](#) to access our investment recommendation form. If you have any questions, please contact the professionals in our Development Department at 323.761.8704.

We are delighted that you are part of our growing family of donors. Blessings for a healthy and prosperous 2022!
