

Community Impact Fund

SUPPORTING ISRAEL

Israel is facing an unprecedented period of recovery and rebuilding. Communities across the country, especially in the South, have endured profound loss, displacement, and disruption to daily life. By investing in Israel's recovery, we are helping to rebuild resilient communities, reinforce essential services, and ensure that families, soldiers, and vulnerable populations have the resources they need to heal and move forward. Our support for Israel is an investment in long-term stability, safety, and hope for the future.

The Supporting Israel Impact Fund stands as a vital lifeline for vulnerable populations across Israel, focused on organizations that deliver on-the-ground support in areas including mental health, social cohesion, and services for at-risk youth. In 2025, over \$1.2 million was awarded to **Israeli organizations working to:**

- Provide critical support to Israelis suffering from trauma and mental health issues
- Strengthen relationships and foster dialogue between polarized groups, creating opportunities for meaningful engagement and unity across Israeli society
- Support at-risk children and youth, helping them improve their lives and build strong futures for themselves

You can learn more about our grantees supported through this Fund on the following pages. Every organization has been carefully vetted by The Foundation, and 100% of contributions to the Fund go directly to these nonprofits. You can support this vital work by making a gift through [Your Giving Portal](#).
